

No Shy Town This Activist Throws Down

An activist doesn't complain about a dirty house; he just cleans it up.

Eric Aldape, March 2016

My fliers starting in 2008, and New Change, stimulated people to get out and vote and that is why the current Local 13 Officers are trying to stop me from writing.

Thank you to the members who elected me to the Executive Board and the Grievance Committee, again, because you like that I tell you what is going on. You elected me because you want me to keep writing; Inside the E-Board, and you like the fact that not as many members got fined thousands of dollars for chiseling by the Grievance Committee on my watch.

My fliers, and New Change, planted the equalization seed that the LRC Reps filed the 22 shift complaint, and Arbitrator David Miller ruled in the Hall men's favor, but the LRC stopped short of including all the supplements. Why?

My fliers planted the equalization seed that helped motivate members to write resolutions that resulted in the Crane Pay Make Whole Supplement, but left out the CY and Winch operators, who also get skill 3 pay, which is why I got behind the complaints filed by 2 members.

I am trying to get the JPLRC to process my Section 13.3 discrimination complaint which demands the 22-shift limit for all supplements, and my Section 13.3 pay discrimination complaint which demands the \$55 bonus for all Crane Drivers, as well as the 2 members who filed against the Make Whole Agreement, because I believe in **EQUALIZATION**.

The current Officers are steady men and former steady men, who cater to the steady men to make sure the sweet heart deals for steady men in the Supplements are NOT covered by equalization, and their \$55/day bonus payments are protected. They think just like Toledo said on his Facebook page, "it is free money." Free money that only goes to a select few and, **free money that is defrauding the benefits plan.**

If you believe in freedom of speech, you voted for me, and you want to keep reading Inside the E-Board, please **come to the Stop Work Meeting and stop Bobby, Mondo, and Victor from using Steve Lewis, John Seixas, Larry Toledo and their Trial Committee to kick me out of the Union, because they don't like my fliers.**

I did not give any information to the PMA, I got information from PMA and gave it to Local 13's membership. My fliers get members out to vote, and that is why Bobby, Seixas, and Toledo are trying to stop me. They are trying to kick me out of the Union so I can't run for any elected position, to try and stop me from exercising my right of free speech and writing my fliers.

Time for the membership to step up and show the current Officers of Local 13 that;

An Injury To One Is An Injury To All.
