Re: UC-42-13 - Section 13.3 Complaint

Enclosed is a copy of Employer Complaint EC-0781-2016.

I want this EC added to the record I created on March 10, 2016, the date of the Section 17.41 hearing on my Section 13.3 Complaint, UC-42-13, which has not yet been answered.

Decision SCGM-0009-2012 said I was found guilty of violating Section 13.2 because my flier said that Chris Viramontes made Local 13's membership mailing list available to Port Medical, which the Arbitrator said was based on an unsubstantiated rumor, in his opinion "to intentionally vilify Viramontes."

PMA's charge that Chris defrauded the ILWU Benefits Plan through a business, Port Medical, means that my claim was not based on unsubstantiated rumor.

The fact that PMA wrote this Complaint proves that I did nothing wrong.

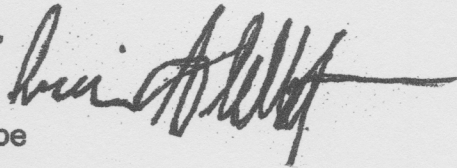

PMA's charge makes it clear to me that I was found guilty in an attempt to cover up the Port Medical fraud, and that Steve Fresenius and Danny Maranda were both aware of what Chris was doing and participants in the cover up.

Why else would the current Officers of Local 13, Local 63, and Local 94, all sign a letter saying they would refuse to process and Section 17 grievances against Union Officials involving Port Medical?

Either re-open the record so as I may introduce my new evidence with explanation, or vacate the Decisions involved and agree to make me whole.

I will be at the next JPLRC meeting to see what is being done with Chris' EC, and to re-open UC-42-13 which has yet to be answered.

Sincerely,

Eric Aldape
